ZEHNDER ALBAN

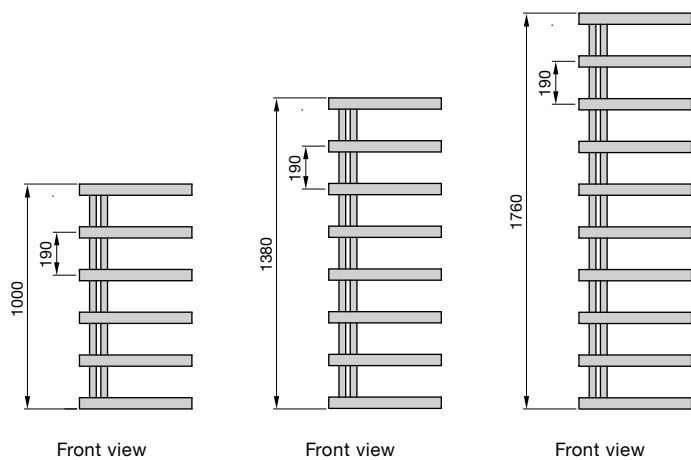

STUDIO COLLECTION ZEHNDER ALBAN

The design object for purists: strict lines, flat elements and square corners. The towel can be easily hung up w by inserting it from the side. Connected directly to the heating system, the designer radiator always creates a pleasant warmth. Alban from Zehnder Studio Collection, the design variant in hand-polished stainless steel. The pleasure of a dry, warm towel has never been so good.

Advantages

- Simple, modern radiator design that blends perfectly into any bathroom thanks to its geometric shapes.
- The open pipe arrangement on the side of the radiator allows even bulky towels to be hung comfortably.
- Easy to clean and hygienic thanks to the high-quality stainless steel surface
- Flexible installation thanks to left or right-handed version
- Hand-polished stainless steel
- Available for hot-water operation
